

# Perseverance Primary School

I like our school because there are only six kids (five girls and one boy). It is fun. We like having a boy at school. We have half an hour at play lunch. We play on a web site called [www.coolmath4kids](http://www.coolmath4kids.com).

We have a play ground. We play on it nearly every play lunch and lunch. We have a tiny school. This is a picture of the play ground.

We have our own chicken. chicken's name is Lilly. The other chickens' names are Daisy, Feathers, Liana and Zebra. The roosters name is Spartan.
